Transfers – to and from the resorts

After a long flight to Malé International Airport, it's essential that your clients' transfer to the resort is as quick, smooth and comfortable as possible. This is a brief guide to the CIP lounge, and the types of transfers available.

CIP LOUNGE

The CIP experience is a fantastic way to arrive. On arrival your clients will be met at the aircraft steps with a name sign and will be whisked to the CIP Lounge. Whilst sitting back with a cold drink, immigration and baggage collection will be handled on their behalf.

On departure, a similar experience awaits. Clients will be met at the jetty and escorted to the lounge. Check-in will be handled on their behalf and they will be escorted to the aircraft.

CIP Lounge at a glance

- Hot and cold refreshments available
- Clients can use the lounge up to 90 minutes before departure.
- Children aged 2 and over are charged the same as adults.
- Smart casual dress is recommended.
- Pure Escapes can also provide additional assistance within CIP, at a charge.
- Copies of passports and all flights details are required in advance.

- Reservations must be made at least 24-hours prior to arrival/departure.
- A limousine is available from the CIP Lounge to/from the seaplane terminal, at an additional charge.

YACHT/SPEEDBOAT TRANSFERS

Yacht and speedboat transfers are the most common means of water transport for nearby resorts, and is perfect for families and those seeking convenience of a speedy arrival to the hotels. Hotels offer private or shared transfers. Luxury yacht and boat transfers operate 24-hours a day from/to Malé International Airport. Shared transfers are subject to waiting time of 15 to 60 minutes and private transfers by boat tend to be readily available for guests on arrival.

Yacht/boat transfers at a glance

- The jetty for the boats is just moments away from the main terminal.
- Waiting time is normally minimal.
- There are no baggage restrictions.
- Boats can travel during hours of darkness.
- Typical boat journeys range from 20 to 45 minutes.

SEAPLANES

Malé has the biggest seaplane operations in the world. The planes offer spectacular views from the sky and a comfortable, if somewhat noisy, ride. Most resorts have their own private lounges at the seaplane terminal where guests can wait for the seaplane transfer while taking in some refreshments. Hotels offer seamless point-to-point transfers from the seaplane platforms to the resort. However it is important to notify guests that for shared transfers, there may be other stops en-route.

Seaplanes at a glance

- The seaplane terminal is about 10-15 minutes by car from the international terminal.
- Some hotels have their own cars.
- Some seaplanes transfers have stops en-route.
- The seaplanes are comfortable, but noisy.
- Baggage allowance: 20kg in hold and 3kg hand luggage.
- Waiting time is typically no more than 2 hours.
- Last seaplane flight is usually around 16.00; Any arrivals after 15.00 risks an overnight stay in Malé.

-
- Please note seaplane times change daily
 - Most of the resorts have their own time which is usually +/- 1-2 hours Malé time.
 - Air transfer operator does not guarantee a smooth transfer if details are informed less than 5 days prior to arrival.
 - Guests arriving by private jet may either wait for the next scheduled seaplane transfer or book a private transfer.

DOMESTIC AIR TRAVEL PLUS BOAT TRANSFER

An alternative to seaplane transfer is an internal domestic flight followed by a short boat transfer. This is usually the preferred option where the international flight arrives too late to make the seaplane during day light hours and clients do not want to stop over on Malé.

Domestic flights at a glance

- This option is usually the longest travel time.
- Ideal if clients arrive after 15.00 and do not want to stay overnight in Malé.

- Baggage allowance: 20kg in hold and 3kg hand luggage. No luggage allowance for infants below 2 years and travelling on parent's seat; there are a total of 11 domestic airports.
- Flights usually take between 50-70 minutes.
- Arrival and departure flight times are to be advised at time of booking in order to guarantee the villa and booking of domestic flight.
- Please note that the domestic flight transfer might, on occasion, make 1-2 stops prior to arriving at a domestic airport.

SPEED BOAT TRANSFERS FROM DOMESTIC AIRPORTS

- Guests will receive combined complimentary return speed boat transfers from a domestic airport to the resort.
- These normally take between 10 to 30 minutes; and the transfer, from leaving the plane to the actual speedboat and resort, is relatively quick.
